

Details of Travel Expenditure 2020

Introduction

The Central Bank has a large number of travel obligations; both domestic, relating in the main to its regulatory mandate which requires on-site visits to regulated entities; and overseas, relating primarily to its membership of the Eurosystem and the European Supervisory Authorities as well as other international commitments. As members of various key committees and working groups of European bodies, staff members of the Central Bank are required to attend meetings on a very regular basis, including those at the European Central Bank (including Single Supervisory Mechanism), European Securities and Markets Authority, European Banking Authority, European Insurance and Occupational Pensions Authority and other organisations listed below:

Travel Costs

Consistent with overall public sector travel policies, staff of the Central Bank are able to recoup travel and accommodation expenses incurred while on official Central Bank business. They may normally claim for expenditure on accommodation, transport and other necessary related expenses within the terms of the Central Bank's Travel Policy.

For staff travelling on official business, guideline price ranges apply for hotel accommodation (€100 in Ireland, €200 in Europe, £225 in London, £175 UK, and \$300 in USA/ROW). There can be exceptions to this, for example when trade fairs are held in Frankfurt, the guide price may be insufficient. Additionally, it may be necessary to stay in the hotel where the conference or event is taking place, for example including circumstances where the other delegates are also staying in the same hotel.

Subsistence is paid to Central Bank employees to cover meals and incidental expenses. Where meals are received free of charge a reduced subsistence allowance is payable. Expenditure claimed as an allowable expense must be supported by a receipt or other evidence. The Central Bank does not pay for travel by spouses or partners. The Central Bank's subsistence and mileage rates are in line with Government circulars and Revenue guidance. For further details, see the following links.

Abroad - http://circulars.gov.ie/pdf/circular/finance/2008/31.pdf

Domestic - http://circulars.gov.ie/pdf/circular/per/2015/05.pdf

As a result of the global Covid-19 pandemic in 2020 business travel was suspended for all Central Bank staff during Q1 and remains this way as of 2021.

Note - Analysis is based on when the subsequent travel expense claim was settled - not when the flight was actually incurred. Accordingly, there may be some differences between this analysis and the costs published in the Central Bank Annual Report, which is prepared on an accruals basis.

^{**}Other figure includes public transport costs, parking and flight change costs, etc. Negative figures generally indicate a deduction of notional costs or personal expenditure reimbursed to the Bank by the traveller.
