Re: **Submission on LTV and LTI Regulations**

Dear Sirs,

We attach a report which has been prepared by Jim Power on our behalf together with our submission to the Consultation Paper CP87.

We believe a Mortgage Indemnity Insurance product properly structured would expand the opportunity for prudential lending and assist the supply of housing to the market.

We and our international team are available to meet and discuss the contents at your convenience.

Yours sincerely,

P.R. HOWETT
CHIEF EXECUTIVE OFFICER
