Appendix 3 – Glossary 24

Summary

This publication provides a guide to the Industry Funding Regulations for 2024, which have been set to recover industry's share of 2023 Financial Regulation costs.

The guide is divided into six sections as follows:

Section 1: Funding Strategy

Section 2: Background to the 2024 Industry Funding Regulations

Section 3: Recovery Rates

Section 4: Calculation of the Industry Funding Levy for each industry category

Section 5: Financial Information for Industry Sectors

Section 6: Appendices

*Appendix 1 Comparison of 2023 and 2022 **net Annual Funding Requirements***

Appendix 2 Population of each Industry Sector

Appendix 3 Glossary: explanation of words and phrases identified in bold italics in Guide.

If you have queries regarding the 2024 Industry Funding Regulations, please refer to the [Frequently Asked Questions](#) section in the [Industry Funding Levy area](#) of our website www.centralbank.ie or send an e-mail to fundingpolicy@centralbank.ie.

Section 1 – Funding Strategy

The Central Bank continues to progress its funding strategy, which aims to:

- (i) Increase over time the proportion of costs paid by industry and reduce the burden of subvention on the taxpayer, while avoiding excessive movements in levy rates at a sectoral level from on year to the next to the extent possible;
and
- (ii) Reduce complexity and risk in the areas of funding policy and execution.

In line with this strategy, the 2024 invoices will be based on the Central Bank's actual costs of regulation in 2023.

In some instances, additional subvention has been applied to Financial Regulation costs for 2023 to limit the impact of cost increases on industry. The headline recovery rates in the 2024 billing cycle reflect the rates approved by the Minister for Finance in 2019 and communicated to industry bodies at that time.

Section 2 – Background to the 2024 Industry Funding Regulations

- 2.1 The Regulations referred to in this Guide are the Central Bank Act 1942 (Section 32D) Regulations 2024. The objective of the Regulations is to raise the agreed proportion (see Table 15 in Section 5) of the cost attributable to the Central Bank’s financial regulation activities in 2023 directly from the **regulated entities** it regulates. Accordingly, the Regulations apply to all persons who are subject to regulation by the Central Bank.
- 2.2 The Government gave the power to raise such a levy to the **Central Bank** Commission under the Central Bank Reform Act, 2010. In accordance with legislation, the Minister for Finance has approved the 2024 Regulations.
- 2.3 The Regulations were signed into law by the Deputy Governor, Financial Regulation on 26 September 2024 and came into operation on 27 September 2024. As of that date, all **regulated entities** are liable to pay an annual levy. The levy must be paid no later than 28 days from the date on the levy invoice.
- 2.4 A **regulated entity** may hold more than one authorisation from the **Central Bank** and may, therefore, fall into more than one **industry funding category**. In such cases, the **regulated entity** will be liable for a levy for each category in respect of which it holds an authorisation – each levy will be invoiced separately. For example, a credit union (Category F) which also holds a multi-agency intermediary authorisation (Category C) will be obliged to pay the levy for both categories.

Collection of the Levy

- 2.5 The **Central Bank** sends almost all **regulated entities** a levy invoice after the Regulations are published. However, even if a **regulated entity** does not receive a levy invoice, it is still legally obliged to pay the appropriate levy for its **industry funding category** in the Regulations. Any such **regulated entity** should request a copy levy invoice by email from billing@centralbank.ie.
- 2.6 Levies may be paid either by direct debit or electronic funds transfer (EFT). To ensure that payments are dealt with efficiently, all payments made by EFT must include details of the levy invoice number and/or the account number. Failure to include the required details may result in the EFT payment being returned at the **regulated entity’s** expense. Full details for

payment by EFT will be supplied on invoices.

- 2.7 If a **regulated entity** fails to pay the levy by the required date, the **Central Bank** may take steps to recover the amount of the levy. Recovery action may include court proceedings.

Update to arrangements for future levy invoices

- 2.8 Commencing this year, the **Central Bank** has moved to issuing levy notices by email with respect to the Levy 2023 process. To facilitate this change we required the assistance of **regulated entities** in providing us with email details for invoicing purposes.

Any firm that has not yet activated its **Central Bank** Portal account, should go to the [Central Bank's Portal Webpage](#) to register. If any difficulties are encountered in registering or accessing a portal account please contact onlinereturns@centralbank.ie.

Supplementary Levies

- 2.9 Certain regulated entities will be required to pay an additional (or supplementary) levy to the **Central Bank** to fund the cost of a particular initiative or regulatory action. The purpose of supplementary levies is to re-charge costs attributable to specific firms where costs can be directly attributable to them in order to avoid imposing them on all firms in the **Industry Funding Category**. Details of supplementary levies applicable in the 2024 Regulations are tabulated below:

Category	Applicable to	Costs to be funded by this levy
A	Irish authorised Credit Institutions (previously in ELG Scheme) (see Section 4.1 below)	Cost of carrying out activities relating to inquiries by the Central Bank under Part IIIC of the Central Bank Act, 1942.
	Relevant credit Institutions	Costs related to the Central Bank's exercise of its powers under Part IIIC of the Central Bank Act 1942 in respect of serious failings relating to tracker mortgage issues
	Credit institutions seeking significant changes to their business model and/or activities	While there is provision in the Regulations, no invoices will be raised under this heading in respect of 2022 financial regulation costs
D	Investment Firms subject to Client Asset Requirements	Costs attributable to the performance of the Central Bank's functions under the Client Asset Requirements
D	Investment firms subject to Bank Recovery and Resolution Regulations (2015)	Costs attributable to the performance of the Central Bank's functions as resolution authority under the European Union (Bank Recovery and Resolution) Regulations 2015

Such supplementary levies will be set out in a levy notice sent to the **regulated entities** concerned.

- 2.10 For Category A entities, supplementary levies apply on a full year basis even where the relevant entity is only authorised by the **Central Bank** for part of a year. For Category D entities, supplementary levies are based on their duration of authorisation (i.e. full year/pro-rata).

Pro-Rata Levies

- 2.11 Each **regulated entity** will be liable to a levy for the portion of the year in respect of which it holds an authorisation from the **Central Bank**. It follows that **regulated entities** authorised in 2023 are liable to a levy covering the period from date of authorisation to 31 December 2023.
- 2.12 Similarly, a **regulated entity** whose authorisation was revoked during the course of 2023 is liable to a levy covering the period 1 January 2023 to the date on which the relevant authorisation was revoked and are levied at the time of revocation.

Appeals and Waivers

- 2.13 Appeals must be submitted within 21 days of the due date of the levy contribution /supplemental levy contribution.
- 2.14 Any such appeal must
- set out in writing the grounds for the appeal and include all supporting documentation or representations; and
 - be accompanied by a payment or a receipt evidencing payment of that portion of the levy contribution/supplementary levy contribution that is not under appeal.
- 2.15 Where, in the reasonable opinion of the Central Bank, the obligation of a regulated entity to pay a levy contribution/supplementary levy would be likely to make that entity insolvent, or where the regulated entity/former regulated entity is a sole trader or bankrupt, the Central Bank may waive the obligation of that entity under these regulations to pay the levy contribution /supplementary levy.
- 2.16 The **Central Bank** may, at its discretion, waive or reduce part/all of a levy contribution/ supplementary levy in exceptional circumstances.

2.17 The **Central Bank** shall advise the regulated entity in writing of its decision in respect of the appeal, providing reasons and details of any amount outstanding and the due date applicable for the payment of any outstanding levy liability.

Records

2.18 A **regulated entity** must keep all records on which the levy has been calculated for so long as the Regulations stipulate. Regulation 13 stipulates that this requirement is applicable for a period of six years.

Section 3 – Recovery Rates

- 3.1 In support of the Bank’s funding strategy, the 2024 Regulations reflect agreed increases in recovery rates. The recovery rates communicated in 2019 are set out in the table below.
- 3.2 Recovery rates are applied to each sector’s share of financial regulation costs. In some instances, the actual amount collected may be lower to reflect approved subvention where the Central Bank has formed a view that it is appropriate to do so in order to meet its objective of proportionality, while balancing this against the burden that any additional subvention ultimately imposes on the taxpayer.
- 3.3 A number of industry sectors have moved to 100% recovery for Levy 2023 (for Levy 2022, these categories were at 90% recovery).¹ A recovery rate of 50% currently applies to the credit union sector.

Recovery Rates to 2024	Calendar Year →	Lookback						Plan	
		2017	2018	2019	2020	2021	2022	2023	2024
	Levied in →	2017	2018	2020	2021	2022	2023	2024	2025
Irish authorised Credit Institutions (previously in ELG Scheme)		100%	100%	100%	100%	100%	100%	100%	100%
Other Credit Institutions		65%	80%	90%	100%	100%	100%	100%	100%
Insurance Undertakings									
Investment Firms									
Fund Service Providers									
Funds		65%	65%	80%	90%	100%	100%	100%	100%
Retail Intermediaries & Debt Management Cos		50%	65%	70%	75%	80%	90%	100%	100%
High Cost Credit Providers									
Approved Professional Bodies									
Bureau de Change/Money Transmitters									
Retail Credit/Home Reversion/Credit Servicing Firms									
Payment & E-Money Institutions									
Credit Unions		.01% of total assets		20%	35%	50%	50%	50%	50%

¹ An effective recovery rate of 95% has applied to Retail Intermediaries for 2023.

Section 4 – Calculation of the Levy

4.1 Category A: Credit Institutions

Each credit institution in this category shall be liable to pay an Industry Funding Levy consisting of the sum of a minimum amount and a variable amount as set out in Table 1 below:

Table 1		
	Minimum Levy plus Variable Levy	
Credit Institutions	Minimum Levy	Variable Levy
A1 Irish authorised Credit Institutions (including relevant credit institutions authorised pursuant to section 9A of the Central Bank Act 1971)	€198,945	<p>Variable Levy (V) is calculated as follows:</p> $V = [(S+G) * 50\%] * C$ <p>Where:</p> <p>S= the credit institution’s percentage share of the sum of total assets for category A1 (based on the credit institution’s report in FINREP template F01.01 row 380 for the period 31 December 2023²);</p> <p>G = the credit institution’s percentage share of the sum of total risk exposure for category A1 (based on the credit institution’s report in COREP template C02.00 row 010 for the period 31 December 2023);</p> <p>C= the proportion of total variable amount for category A1</p> <p>The values of S, G and C relevant to their levy calculations will be communicated directly by the Central Bank to each credit institution.</p>
<p>Note: The funding requirement relates principally to the recovery of 2023 costs but is adjusted for balancing items and deferred income from previous years and other such approved adjustments.</p>		

Credit institutions within sub-categories A2 and A3 are obliged to pay a flat rate levy of €31,250 as set out in Table 2 below.

² For entities whose year-end is October, data for the period 31 October 2023 will be used. For entities whose year-end is March, data for the period 31 March 2023 will be used.

Table 2		
Credit Institutions authorised in another EEA State		Minimum Levy Payable
A2	Credit Institutions authorised in another EEA state which have established a branch in Ireland.	€31,250
A3	Credit Institutions authorised in another EEA state operating in Ireland on a Freedom of Services basis.	

Credit Institutions – Supplementary levies

Credit institutions (where appropriate) will continue to be liable to pay supplementary levies to the **Central Bank** for the purposes of providing sufficient funds to recover costs arising from:

- (i) the conduct of activities relating to inquiries under Part IIIC of the Central Bank 1942;
- (ii) the exercise of the Central Bank’s powers under Part IIIC of the Central Bank 1942 in relation to tracker mortgage investigation and related issues; and
- (iii) significant changes to business models and/or activities, where appropriate. No such charge arises in the Levy 2023 billing cycle.

Supplementary levies will be set out in separate levy invoices sent to relevant credit institutions.

4.2 Category B: Insurance Undertakings

Each of the following entities shall be liable to pay the levy contribution corresponding to its **impact category** as set out in the relevant tables below.

Table 3 – (Re) Insurance Undertakings authorised in Ireland					
		Levy payable per Impact Category			
(Re)Insurance Undertakings		High	Medium High	Medium Low	Low
B1	Life Insurance undertakings as defined under the EU (Insurance and Reinsurance) Regulations 2015 with an Irish head office	€1,993,369	€455,784	€90,608	€28,147
B4	Non-life insurance undertakings as defined under the EU (Insurance and Reinsurance) Regulations 2015 with an Irish head office				
B7	Reinsurance undertakings as defined under the EU (Insurance and Reinsurance) Regulations 2015 with an Irish head office				
B8	Branch in the State of a Third country insurance undertaking as defined under the EU (Insurance and Reinsurance) Regulations 2015				

Table 4 – Insurance Undertakings authorised in another EEA state³

Insurance undertakings authorised in another EEA state		Gross Written Premium on Irish risk business or Flat Rate Levy				
		GWP > €100m	GWP €0 - €100m	GWP >€50m	GWP €0 - €50m	Flat Levy
B2	Life insurance undertakings authorised in another EEA state which have established a branch in Ireland	€227,892	€21,110	N/A	N/A	N/A
B3	Life insurance undertakings authorised in another EEA state operating in Ireland on a Freedom of Services basis ⁴	N/A	N/A	N/A	N/A	€21,110
B5a	Non-life insurance undertakings authorised in another EEA state which have established a branch in Ireland writing motor insurance	N/A	N/A	€227,892	€45,304	N/A
B5b	Non-life insurance undertakings authorised in another EEA state which have established a branch in Ireland not included in B5a	N/A	N/A	N/A	N/A	€21,110
B6	Non-life undertakings authorised in another EEA state operating in Ireland on a Freedom of Services basis	N/A	N/A	N/A	N/A	€21,110

Table 5 – Special Purpose Reinsurance Vehicles⁵

		Minimum Levy plus Contribution per Arrangement on a pro rata basis with respect to the number of days of the levy period during which the Special Purpose Reinsurance Vehicle or arrangement was approved
Special Purpose Reinsurance Vehicles (SPRV)		Minimum Levy
B9	Special Purpose Reinsurance Vehicles shall pay a minimum levy equivalent to 50% of that applied to Low impact undertakings in Category B (Insurance/ reinsurance undertakings authorised in Ireland) in respect of single and multiple arrangements.	€14,073
	Second and subsequent Special Purpose Reinsurance Vehicle arrangements shall be subject to a levy equivalent to one-third of the minimum levy payable in respect of single and multiple arrangements.	€4,691 per arrangement

³ The levy for these entities is based on EIOPA branch data provided for the 2022 reporting year.

⁴ As insurance undertakings operating in Ireland on a Freedom of Services basis may write Irish risk business, they will be subject to a levy designed to contribute towards the cost of consumer protection regulation. The amount of such levy is as set out in Table 4 above.

⁵ Special purpose reinsurance vehicle is a “special purpose vehicle” as defined under the EU (Insurance and Reinsurance) Regulations 2015.

4.3 Category C: Intermediaries and Debt Management Firms

Levies payable by intermediaries and debt management firms are determined by the firms’ total income from fees and income from commission as submitted through the Online Reporting System. The levy for intermediaries and debt management firms will be calculated as set out in Table 6 below:

Table 6		Minimum Levy plus Variable Levy	
Intermediaries & Debt Management Firms		Minimum Levy	Variable Levy
C	Intermediaries (including Investment Product Intermediaries and Mortgage Intermediaries who hold authorisations under the Consumer Credit Act 1995)	€1,075	<p>Variable Levy (V) is calculated as follows:</p> $(A - B) \times C$ <p>Where: A = total of firm’s ‘Income from Fees’ and ‘Income from Commissions’ as reported in the firm’s On-Line Regulatory Return for the year ended 31 December 2022 which was due for submission to the Central Bank at end-June 2023 or the most recently received previous report from the firm.</p> <p>B = threshold level of total ‘Income from Fees’ and ‘Income from Commissions’ of €200,000.</p> <p>C = variable levy rate of 0.2%.</p>
	Mortgage Credit Intermediaries who hold authorisations under the European Union (Consumer Mortgage Credit Agreements) Regulations 2016		
	Insurance/Reinsurance Intermediaries registered under the EC (Insurance Mediation) Regulations 2005		
	Debt Management Firms authorised under the Central Bank Act, 1997		

Notes:

Income from fees and income from commissions is before deduction of any commission payable to a third party.

Intermediaries and debt management companies which are newly authorised and not yet due to submit an **On-Line Regulatory Return** shall be liable to pay the minimum Industry Funding Levy applicable to this category of €1,075.

Intermediaries and debt management companies that fail to submit their **On-Line Regulatory Return** in accordance with regulatory requirements shall be liable to a default levy amounting to €3,850. This default levy will be cancelled, however, and replaced with a levy calculated in accordance with the entity’s reported income from fees and income from commissions following submission of its **On-Line Regulatory Return**.

4.4 Category D: Investment Firms

A **regulated entity** falling within any of the below sub-categories of Investment Firms authorised by the **Central Bank** shall be liable to pay the levy corresponding to its **impact category** as set out in Table 7 below.

		Table 7							
		Levy payable per Impact Category							
Investment Firms		High	Medium High	Medium Low	Low				
D1	Designated Fund Managers	€2,085,861	€1,042,930	€207,330	€26,503				
D2	Receipt and Transmission of Orders and/or Provision of Investment Advice								
D3	Portfolio Management; Execution of Orders								
D4	Own Account Trading; Underwriting on a Firm Commitment Basis								
D5	Stock Exchange Member Firms								
D6	Firms authorised under the Investment Intermediaries Act, 1995 that are not captured in any other levy category								
D9	High Volume Algorithmic Trading Firms								
D10	Market Infrastructure Firms								
D11	Investment firms authorised in another EEA state, which have established a branch in Ireland.								€26,503
CAR	Client Asset Levy: D1 to D10 as above, where subject to Client Asset Requirements (CAR) shall pay a supplementary levy					€449,484	€224,742	€44,678	€6,263
BRRD	BRRD Admin Levy: Investment Firms within the meaning of Regulation 3 of the European Union (Bank Recovery and Resolution) Regulations, 2015 shall pay a supplementary administration levy					€127,624	€125,874	€25,023	€12,512

4.5 Category E1: Investment Funds

As set out in Table 8 below, all investment funds structured either as single (standalone) funds or umbrella funds (with one sub-fund) authorised by the **Central Bank** shall be liable to pay a minimum levy of €8,240. In addition to the minimum levy of €8,240, umbrella funds with more than one sub-fund will also pay a contribution per sub-fund (including the first sub-fund) of €546 up to a maximum of twenty sub-funds, resulting in a maximum contribution for umbrella funds of €19,160 (i.e. minimum levy of €8,240 plus 20 x €546).

Table 8			
		Minimum Levy plus Contribution per Sub-fund	
Investment Funds		Minimum Levy (Single & Umbrella Funds with one sub-fund)	2-20 ⁶ sub-funds (Umbrellas only)
E1a	Authorised UCITS; Authorised Unit Trusts; Authorised Investment Companies (Designated and non-Designated); Authorised Investment Limited Partnerships; Authorised Common Contractual Funds Authorised Irish Collective Asset-management Vehicles (ICAV).	€8,240	€546 per sub-fund
E1b	UCITS Self-Managed Investment Companies (SMICs); UCITS Self-Managed ICAVs; Authorised Designated Investment Companies (Internally Managed Alternative Investment Funds); Authorised Irish Collective Asset-management Vehicles (Internally Managed AIF ICAVs).		

⁶ Umbrella funds shall also pay a contribution per sub-fund of €546 up to a maximum of twenty sub-funds, resulting in a maximum contribution for umbrella funds of €19,160.

4.6 Category E2: Alternative Investment Fund Managers and Other Investment Fund Service Providers

An **Investment fund service provider** falling within sub-categories E2a, E2b and E2c and which has been authorised by the **Central Bank** shall be liable to pay the levy contribution corresponding to its **impact category** as set out in Table 9. All entities within sub-category E2d shall pay a flat rate levy of €18,908.

Investment Fund Service Providers		Levy payable per Impact Category			
		High	Medium High	Medium Low	Low
E2a	AIF Management Companies	€1,488,134	€744,067	€147,917	€18,908
E2b	Administrators; UCITS Managers (Non Delegating); Depositories; Alternative Investment Fund Managers				
E2c	UCITS Managers (Delegating)				
E2d	UCITS managers and alternative investment fund managers authorised in another EEA state which have established a branch in Ireland	All entities in this sub-category shall pay a flat rate levy of €18,908.			

4.7 Category F: Credit Unions

A Credit Union is liable to pay a levy of 0.02935 per cent of total assets as reported in its quarterly prudential return setting out its balance sheet as at 31 December 2023.

As noted in section 3, a recovery rate of 50% currently applies to the credit union sector.

4.8 Category G: High Cost Credit Providers

Levies payable by High Cost Credit Providers (HCCP) are determined by the firms’ turnover reported to the **Central Bank** in section 6.2 of the most recently received Renewal Application for the entity. The amount of the levy will be calculated as set out in Table 10 below:

Table 10		Minimum Levy plus Variable Levy	
High Cost Credit Providers		Minimum Levy	Variable Levy
G	High Cost Credit Providers	€1,920	<p>Variable Levy (V) is calculated as follows: $(A - B) \times C$ Where: A = firms’ turnover reported to the Central Bank in section 5.2 of the most recently received Renewal Application for the entity. B = threshold level of total ‘Turnover’ of €60,000. C = variable levy rate of 1.178%.</p>

4.9 Category H: Approved Professional Bodies

Each approved professional body shall be liable to pay the levy contribution as set out in Table 11.

Table 11	
Levy	€6,325

4.10 Category J: Bureaux de Change

Each bureau de change that has been authorised by the **Central Bank** shall be liable to pay the levy contribution as set out in Table 12.

Table 12	
Levy	€2,875

4.11 Category L: Default Assessment

Each regulated entity defined as a defaulting entity pursuant to Regulation 13(4) of the 2024 Regulations is liable to pay a flat rate levy of €3,850.

4.12 Category M: Retail Credit Firms and Credit Servicing Firms

Firms

Each retail credit firm and credit servicing firm that has been authorised by the **Central Bank** shall be liable to pay the levy contribution as set out in Table 13 below.

Table 13		
Retail Credit Firms & Credit Servicing Firms		Levy Payable
M1	Retail Credit Firms	€100,000
M3	Credit Servicing Firms	
M2	Firms in wind-down	€10,000

Due to enhanced supervision within the sectoral supervisory framework, a small number of firms are subject to a higher amount than the standard levy outlined in Table 13 above (being €120,000 or €200,000).

4.13 Category N: Payment Institutions and E-Money

Institutions

Each payment institution and e-money institution that has been authorised by the **Central Bank** shall be liable to pay a levy combining a flat rate and variable element calculated according as set out in Table 14 below.

Table 14			
		Minimum Levy plus Variable Levy	
Payment & E-Money Institutions		Minimum Levy	
		Variable Levy	
N	Payment Institutions	€5,000	<p>Variable Levy (V) is calculated as follows:</p> <p>A = B / C</p> <p>Where:</p> <p>A = Variable Levy Rate % (i.e. firm's % share of Total Value of Transactions processed by all firms)</p> <p>B = Value of Transactions processed by the firm as reported in On-Line Returns to the Bank for year ended 31 December 2023.</p> <p>C = Total Value of Transactions processed by all firms as reported in On-Line Returns to the Bank for year ended 31 December 2023.</p> <p>An Explanatory Memorandum will be included with invoices to all firms to provide guidance on how the invoice total has been calculated.</p>
	E-Money Institutions		
	An Post (in its capacity as a Payment Service Provider)		

In addition to the Minimum and Variable levies as above, any firms with a risk rating of 'Ultra High' from an Anti-Money Laundering / Combating the Financing of Terrorism perspective will be required to pay the €5,000 Minimum Levy above and a separate flat fee of €375,000

Section 5 – Financial Information for Industry Sectors

Cost of Financial Regulation in 2023

- 5.1 The Central Bank’s 2023 adjusted cost of financial regulation activities is €237.0 million, an increase of €17.7 million (8%) on the 2022 outturn of €219.3 million.
- 5.2 For the 2024 invoicing cycle, all levies are based on 2023 actual costs and include adjustments for prior year balances and specific treatments of certain items.
- 5.3 Subvention again features in the final rates for certain categories this year. Subvention is applied only in specific circumstances where, in the **Central Bank’s** judgement, relief is warranted. Details of the subvention amounts are tabulated in 5.5 below.
- 5.4 The **Net Annual Funding Requirement (nAFR)** for the 2023 levy cycle of €200.6 million (2022 €190.3 million) takes account of:
 - Increases in recovery rates in line with the trajectory published in 2019 (as set out in Section 3);
 - A surplus of €7.4 million which mainly arose between the amount collected from the 2022 levy and the 2022 actual cost attributable to Industry, of which €4.1 million relates to Insurance Undertakings and €3.0 million relates to Retail Intermediaries / Debt Management Firms;
 - Additional subvention as set out in the table in paragraph 5.5 below.
- 5.5 The amount of subvention of costs, including that arising as a result of some sector’s recovery rates being less than 100%, amounts to €23.4 million. The following table provides a sectoral breakdown of this amount:

Subvention breakdown		€ million
1	Credit Union sector: The recovery rate of 50% results in subvention of €6.1 million.	6.1
2	Markets Supervision costs: Subvention to meet 50% of the markets supervision costs not covered by fee income.	4.5
3	Payment and E-Money Institutions: As in previous years, direct subvention is being applied for Levy 2023 to help cover costs associated with new authorisation applications, enforcement activities and to mitigate the high costs attributed to the sector due	4.0

	to the current intensity of supervisory effort. As the sector matures and the population stabilises, and our supervision of it evolves, the level of subvention is expected to reduce.	
4	Investment Firms: Direct subvention to mitigate the annual increase in Levy rates that would otherwise have applied.	4.0
5	High Cost Credit Providers (HCCP): Levy 2023 rates are being held at 2021 levels, the same as last year. The freezing of Levy rates aims to mitigate the financial pressures on HCCP firms and reflects the changing economic circumstances of the sector and the key societal role it plays, particularly for customers who may be in vulnerable circumstances. The costs of this freezing of rates is €0.7 million.	0.7
6	Additional subvention to mitigate the increases in the Levy rates that would otherwise be required in some sectors.	3.3
7	Costs of Administrative Sanctions Procedure inquiries which commenced prior to 1 January 2018 (€0.5 million) and for external support costs incurred in the assessment of Virtual Asset Service Provider applications (€0.3 million).	0.8
	Total	23.4

How the net Annual Funding Requirement (nAFR) is determined

5.6 The **gross Annual Funding Requirement (gAFR)** is calculated by applying the target recovery rate for each sector (see 3.1 earlier) to the cost of regulating that sector.

Table 15

Industry Funding Category	Category	2022 Recovery Rate	2023 Recovery Rate
Irish authorised Credit Institutions (previously in ELG Scheme)	A1	100%	100%
Other Credit Institutions	A1, A2, A3	100%	100%
Insurance Undertakings	B	100%	100%
Retail Intermediaries and Debt Management Firms	C	90%	95%
Investment Firms	D	100%	100%
Client Asset Requirements	D	100%	100%
BRRD Admin Levy	D	100%	100%
Funds	E1	100%	100%
Fund Service Providers	E2	100%	100%
Credit Unions	F	50%	50%
High Cost Credit Providers	G	90%	100%
Approved Professional Bodies	H	90%	100%
Bureaux de Change	J	90%	100%
Retail Credit and Credit Servicing Firms	M	90%	100%
Payment and E-Money Institutions	N	90%	100%

5.7 The **Net Annual Funding Requirement (nAFR)** for the 2023 levy cycle is €200.6 million. €2.9 million has already been billed and €1 million relating to category M costs deferred from 2021 and 2022 is to be collected. The remaining balance to be collected from industry is €198.7 million (2022: €188.2 million). Appendix 1 provides a sectoral breakdown.

Calculation of Levy rates for individual regulated entities

5.8 Costs attributable to a particular **industry funding category** include the pay, non-pay and overhead costs associated with the supervision of **regulated entities**, including the provision of specialist support.

5.9 A series of policies govern how costs are aggregated and allocated to industry categories. These policies are subject to annual review by a Levy Oversight Group and approval of the Deputy Governor, Financial Regulation.

5.10 The basis for calculating levies within each industry funding category is set out in Table 16:

Industry Funding Categories	Levy Type	Ref	Basis for Distribution of Costs across firms within each of these categories
<ul style="list-style-type: none"> Insurance/Reinsurance Undertakings Investment Firms Fund Service Providers Firms subject to Client Asset Requirements Firms subject to BRRD Admin Levy 	PRISM Based	4.2 4.4 4.6 4.4 4.4	Based on relative allocations of the supervisory resources attributable to the Industry Funding Category concerned.
<ul style="list-style-type: none"> Credit Institutions Retail Intermediaries & Debt Management Firms High Cost Credit Providers Investment Funds Credit Unions Payment Institutions and E-Money Institutions Special Purpose Reinsurance Vehicles 	Based on firm metrics	4.1 4.3 4.8 4.5 4.7 4.13 4.2	Application of calculation formula to relevant metric.
<ul style="list-style-type: none"> Approved Professional Bodies Bureaux de Change Retail Credit/Credit Servicing Firms 	Flat Rates	4.9 4.10 4.12	Amounts per firm are set out in relevant sections.

Appendix 1 – Comparison of 2022 and 2023 Net Annual Funding Requirement (nAFR)

Industry Sector	Description	2022 nAFR	2023 nAFR	Variance
		€'000	€'000	€'000
A1	Irish authorised Credit Institutions (previously in ELG Scheme) and their subsidiaries	24,105	26,544	2,439
A1/A2	Irish authorised Credit Institutions (other than those in A1a) and EEA Branches	40,131	41,926	1,795
A	Supplementary Levy for Credit Institutions	7,827	5,567	(2,260)
B	Insurance/Reinsurance Undertakings	47,614	50,224	2,610
C	Intermediaries and Debt Management Firms	4,148	5,567	1,420
D	Investment Firms	22,098	25,376	3,278
E1	Investment Funds	12,449	14,437	1,988
E2	Fund Service Providers	15,937	13,619	(2,318)
F	Credit Unions	5,692	6,148	456
G	High Cost Credit Providers	372	397	25
H	Approved Professional Bodies	11	13	2
J	Bureaux de Change	18	20	3
M	Retail Credit/Credit Servicing Firms	4,091	5,313	1,222
N	Payment Institutions & E-Money Institutions	5,387	6,453	1,066
	Total⁷	189,880	201,604	11,725
	Less Pro Rata authorisation and revocation Levies issued	(1,666)	(2,954)	(1,288)
	Total Amount to be raised	<u>188,214</u>	<u>198,650</u>	<u>10,437</u>

⁷ The 2023 total includes €1 million to be collected relating to category M costs deferred from 2021 and 2022.

Appendix 2 – Population of Each Industry Sector

Industry Sector	Description	2022 No of Entities	2023 No of Entities	Change #	Change %
A1	Irish authorised Credit Institutions	17	17	-	-

N	Payment & E-Money Institutions	41	46	5	12.2%

Appendix 3 – Glossary

Central Bank means the Central Bank of Ireland.

BRRD is the Bank Recovery and Resolution Directive 2014. The BRRD sets out the rules for the resolution of Banks and large investment firms in all EU Member States.

Client Asset Requirements means the requirements imposed on investment business firms and investment firms pursuant to Section 52 of the Investment Intermediaries Act 1995 (No. 11 of 1995), or client asset requirements imposed on regulated financial service providers pursuant to the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Investment Firms) Regulations 2017 [S.I. No. 604 of 2017] or pursuant to any amending or replacing legislation. The Requirements are designed to protect and safeguard client assets (consisting of funds and financial instruments) which a regulated financial service provider, in the course of providing investment services, holds on behalf of clients.

Irish authorised Credit Institutions (previously in ELG Scheme) means a credit institution authorised under Irish legislation which was admitted to the Eligible Liabilities Guarantee Scheme, 2009.

Investment Fund Service Providers is the collective term used to describe the parties providing services to an investment fund.

Gross Annual Funding Requirement (gAFR) represents the relevant proportion (see Table 15, Section 5.6) of the cost of financial regulation activities for the year in question which will be funded by industry.

High Impact regulated entities are large domestic and international financial firms which are major players in their respective markets with considerable potential to cause large-scale damage to financial sector stability.

A **High Volume Algorithmic Trading Firm** is a *regulated entity* which primarily executes a large volume of buy and sell orders using proprietary algorithmic trading software technology.

Impact category is a rating given to regulated entities by the Bank in accordance with the Bank's Probability Risk and Impact System (PRISM) Framework.

Impact metric data means selected items extracted from a *regulated entity's* most recent *On-Line Regulatory Return*.

Industry Funding Category - for the purposes of the annual Industry funding levy, *regulated entities* are categorised according to the financial activities they are authorised to undertake. For example, credit institutions are category A, insurance

undertakings are category B, retail intermediaries are category C and so on. There are currently 12 industry funding categories. Please see Section 4 for further details.

Low Impact regulated entities constitute the bulk of the **regulated entities** operating in Ireland. Failure of individual **regulated entities** in this category would not cause significant damage to the State or its citizens as a whole.

A **Markets Infrastructure Firm** is a **regulated entity** that either operates a trading platform or provides clearing and/or settlement services to market participants.

Medium High Impact regulated entities are large firms with considerable potential to cause prudential harm or customer loss. They are, however, not systemically important institutions and their failure, (if managed properly), should not derail the financial system or wider economy.

Medium Low Impact regulated entities are typically medium-sized and non-dominant players in their respective industries.

Net Annual Funding Requirement (nAFR) represents the adjustment of the **Gross Annual Funding Requirement (gAFR)** for prior year balances and other items which have been approved for inclusion in assumptions which underpin the annual levy process.

On-Line Regulatory Return is the return that must be completed by certain types of **regulated entities** and submitted to the **Central Bank** by means of a secure web based system. The amount and type of information that the **Central Bank** requires to be included in these regulatory returns varies between financial sectors. Links to the sectoral requirements are available in the reporting requirements section of the [Financial Regulation Industry Sectors](#).

PRISM (Probability Risk and Impact System) is the name given to the framework that the **Central Bank** has developed to apply risk based supervision.

Regulated Entities means persons who are subject to regulation under designated enactments and designated statutory instruments (including **regulated entities** whose business is subject to regulation by an Authority that performs functions in an EEA country that are comparable to the functions performed by the **Central Bank** under a designated enactment or designated statutory instrument) and also includes former regulated entities who were regulated for part of the levy period.

Regulator is the state body charged with the responsibility for the prudential supervision of authorised **regulated entities**. In Ireland, the regulator is the **Central Bank** of Ireland.
