Dear Name

Arising from the number of applications that I have received recently in relation to documentation/administration/acceptance fees, I have decided to use my powers under Section 149(7) of the Consumer Credit Act, 1995.

I have decided to issue a direction to the effect that in the advertising of credit, other than housing loans, where a documentation/administration/acceptance fee applies or may apply, that the amount of the fee must be included in any such advertisement.

This direction is to take effect from 26 February 1998.
