The Protected Disclosures Act 2014 requires public bodies to prepare and publish a report each year relating to the number of protected disclosures made to public bodies in the preceding year in addition to detailing the action taken in response to the disclosures made. Reports are required to be issued no later than 30 June.

The Central Bank of Ireland received 113 protected disclosures during the reporting period 1 July 2017 to 30 June 2018. The matters reported under the disclosures were assessed; where required, appropriate action is taken to address any issues that arise.
